# Professional Learning Services

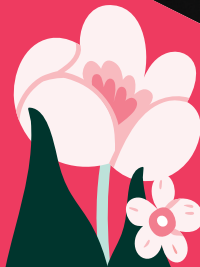

Put Your Team on  
Their Path to Success.

“

ASCD is the leader in professional development and the people are great. Ann Cunningham's in-person professional day was widely considered one of the best we've had in a very, very long time.

# Just-in-time and sustained professional learning

## Choose a Partner to Grow With

Finding the right partner to achieve your goals is a key to success. At ASCD, our mission is to empower educators to achieve their full potential.

## Our Professional Learning Services team works by your side to:

Provide research-backed and evidence-based resources and coaching.

Build capacity with scalable learning.

Create sustainable pathways to reach your goals.

## Professional growth is a life-long journey.

We design professional learning experiences that meet your educators where they are. Together, we'll celebrate milestones and plan what's next.

# Implement a Personalized and Collaborative Approach

## Tailored Learning to Engage your Educators

Professional learning is not meant to be one-size-fits-all. Differentiated learning pathways offer personalized, independent, and collaborative learning experiences for individuals and teams.

## Your Educators Will Reach Their Full Potential

The strength of our work comes from a three-step consultative approach.

### Design

#### Define your goal and success metrics.

- Identify learning needs
- Define timing and scope
- Choose learning modalities to fit your educators' needs and schedule

### Deliver

#### Match your institution with ASCD Faculty who have spent decades in classrooms and systems like yours.

- Over 100 ASCD Faculty who your team can relate to and trust.
- Job-embedded coaching and learning
- Offer differentiated learning that incorporates new tools

### Extend

#### Discuss what's next.

- **Replicate:** What is working well?
- **Investigate:** Is change taking root?
- **Celebrate:** Have you reached your goals?
